

Thank you for booking your birthday party with Chacko's Family Bowling Center. This sheet is provided to give you more detailed information regarding your party. <<<Please review this information CAREFULLY & COMPLETELY>>>

1. The party is two (2) hours long. All party activities must be completed within this two-hour time period (this includes: bowling, eating, cake, gift opening, etc...)
2. There is NO SMOKING in the party area during regularly scheduled parties on Saturday and Sunday.
3. You may bring in the following items: chips, pretzels, ice cream, and other such snack foods. No other outside food or beverages are permitted inside the bowling center. Chacko's Family Bowling Center has complete discretion as to what can and cannot be brought into the center and reserves the right to refuse the bringing in of any unapproved food (if you are unsure of an item, please call 208-BOWL to gain approval). The party package is for party guests only. Any extra food or drinks may be purchased through your party host or at the snack bar during your party. Please ask your party host for our menu.
4. All food orders for the party (including guest orders and extra food) are **made-to-order** and are prepared on a first-come, first-served basis. Therefore, your food order can take anywhere from 30 minutes to 1 hour to be served to your party. It is in your best interest to place your party order as soon as possible to ensure timely delivery of your food. However, we **cannot** guarantee that *any* food orders will be completed at *any* specific time.
5. We do not provide the cake so please remember to bring your cake, a knife, and candles for the cake to your party.
6. Bowling party place settings are provided for your party, however, you may bring in your own place settings (there will be no change in price of the party).
7. Your party host is there to HELP you with your party. They are not there to run the party for you; however, if you do ask them for assistance regarding any aspect of your party they will help you accordingly. As gratuities are not figured into your party bill, please TIP your host for a job well done.
8. The private party room may be REQUESTED for your party. Although we do try to honor all requests, a request does not guarantee that you will have the room. As you are not paying any extra for the room, the party room can never be guaranteed. Please note that the party room is booked according to party size and the largest party from each time slot **WILL** be put in the party room (regardless of request) due to space constraints. Also, please note that in the event that your party is in a room, your lanes will be near – but not necessarily *directly* outside – of your room.
9. A FINAL COUNT for your party is due at least three (3) days prior to the scheduled date of your party. If you do not call in a final count, we may not be able to have your party set up for you before you arrive. It is very important that you call 208-BOWL to give your final count on time. REMEMBER: YOUR GIVEN FINAL COUNT IS THE LEAST AMOUNT OF GUESTS YOU WILL BE BILLED FOR (if more guests attend, they will be added to your bill that day). Please call if you have further questions regarding this billing policy. There are no exceptions to this rule.
10. Lane assignments are determined by your final count and are arranged the morning of the party. On average we will assign the number of lanes for your party based on five (5) guests per lane. However, we reserve the right to have up to eight (8) guests per lane. All lane assignments, tables, and rooms are set-up to maximize available space and privacy in the party area. If you would like to guarantee extra bowling space for your party guests you can book an extra lane at \$25.00 (see below) next to your party at least one week prior to your party. Your final lane total is based on your given final count and reserved extra lanes. We cannot shift, add, or delete lanes at the time of your party. Lane assignments are finalized at 9:00am the day of your party.
11. You may reserve an extra bowling lane next to your party. You will be charged \$25.00 for the use of that lane during your two (2) hour party. The \$25.00 charge is for unlimited bowling during your party and includes shoe rental for anyone bowling on that lane. Once the lane is reserved, the \$25.00 fee will be charged for the reserved lane whether it is used or not during the party. This is a flat fee and will be added to your party bill no matter how much or little is bowled. This lane should be reserved at least one week prior to your party.

**IF YOU HAVE FURTHER QUESTIONS REGARDING YOUR PARTY OR ANY INFORMATION ABOVE,
PLEASE CALL 208-BOWL AND ASK TO SPEAK TO THE PARTY MANAGER.**

By signing your deposit receipt you are acknowledging receipt of your invitations as well as this sheet. You are confirming the date and time for your party as that written on your receipt. You affirm that you have read all terms on this sheet and will abide by all rules and regulations stated herein as well as those of the Center that may be unwritten on this sheet. You also agree that the final count given at the time of the confirmation phone call is the least amount of guests you will pay for on the day of your party. You agree to make full payment for all products and services rendered at the time of your party and on your party bill. This does not include all rules and other Chacko's Family Bowling Center reserves the right to alter any aspect of this offer at any time.
